Thank you for requesting this list of current stock of sofa.com sofas, armchairs, loveseats and footstools.

Items have been sent to Furnishhh from Sofa.com as 'Grade A' new (cancelled or returned) stock, but it is possible that some items may have the odd minor dust mark (if the wrapping has been damaged) or a rub mark (on velvet, for example, depending on how it has been stored). In much the same way as had you ordered directly through Sofa.com, **most items are in their original wrapping from the sofa.com factory and are not available to be viewed at the Bourton-on-the-Water warehouse at which we hold our monthly sales** (they are stored off-site). There are, however, currently a number of sofas/loveseats/chairs at the Bourton-on-the-Water warehouse so that you can get a sense of the style and quality of the items, if you are not familiar with the Sofa.com brand. **Needless to say, if the sofa is not as described when it arrives, then we will, of course, take it back.**

Items are available for fast delivery. Delivery charges are based on distance, whether one or two-person delivery is required, and whether we are able to coordinate shipping with other customers in the same area. Collection may also be possible.

Finally, **all of the items on this preview list are subject to availability**. Please bear in mind that others have received this list too, so while we have all of the items indicated as available at the point of sending, we cannot guarantee that we will have them for long. While the intention is to add them to the website, **they are sold on a first-come, first-served basis** and we expect many will sell before they make it to the website. You should be able to find images of most of the items on the Sofa.com website.

If you have any questions or if you would like to make a purchase, please email Jordan ([hello@furnishhh.com](mailto:hello@furnishhh.com)).
